IMPORTANT INFORMATION

Balance Subject to Interest Rate. We use a method called "average daily balance (including new purchases)." Accordingly, we figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance," we take the beginning balance of your account each day (any credit balance is treated as a "0" balance), add any new purchases, cash advances and fees, and subtract any unpaid interest, other finance charges, annual fees, returned check fees and any payments or credits. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance."

What To Do If You Think You Find A Mistake On Your Statement If you think there is an error on your statement, write to us at:

Arvest Bank PO Box 6139 Norman, OK 73070

You may also contact us on the Web: www.arvest.com

In your letter, give us the following information:

- · Account Information: Your name and account number.
- · Dollar amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill
 describe what you believe is wrong and why you believe it is
 a mistake.

You must contact us within 60 days after the error appeared on your statement.

You must notify us of any potential errors in writing or by going to www.arvest.com and completing a Dispute Form. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the reminder of your balance.
- We can apply any unpaid amount against your credit limit.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

- Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error,
- Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchase If you are dissatisfied with the good or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

- The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
- You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
- 3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing or electronically at:

Arvest Bank PO Box 6139 Norman, OK 73070 www.arvest.com

White we investigate, the same rules apply to the disputed amount as discussed previously. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as deliriquent.

IF YOUR CARD IS LOST OR STOLEN, PLEASE NOTIFY US AS SOON AS POSSIBLE AT 1-800-356-8085

IMPORTANT INFORMATION

Balance Subject to Interest Rate. We use a method called "average daily balance (including new purchases)." Accordingly, we figure the interest charge on your account by applying the periodic rate to the "average daily balance" of your account. To get the "average daily balance," we take the beginning balance of your account each day (any credit balance is treated as a "0" balance), add any new purchases, cash advances and fees, and subtract any unpaid interest, other finance charges, annual fees, returned check fees and any payments or credits. This gives us the daily balance. Then, we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance."

What To Do If You Think You Find A Mistake On Your Statement If you think there is an error on your statement, write to us at:

Arvest Bank PO Box 6139 Norman, OK 73070

You may also contact us on the Web: www.arvest.com

In your letter, give us the following information:

- Account Information: Your name and account number.
- Dollar amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill describe what you believe is wrong and why you believe it is a mistake.

You must contact us within 60 days after the error appeared on your statement.

You must notify us of any potential errors in writing or by going to www.arvest.com and completing a Dispute Form. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the reminder of your balance.
- · We can apply any unpaid amount against your credit limit.

What Will Happen After We Receive Your Letter

When we receive your letter, we must do two things:

- Within 30 days of receiving your letter, we must tell you that we received your letter. We will also tell you if we have already corrected the error.
- Within 90 days of receiving your letter, we must either correct the error or explain to you why we believe the bill is correct.

Your Rights If You Are Dissatisfied With Your Credit Card Purchase if you are dissatisfied with the good or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase.

To use this right, all of the following must be true:

- The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50. (Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
- You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
- You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing or electronically at:

Arvest Bank PO Box 6139 Norman, OK 73070 www.arvest.com

While we investigate, the same rules apply to the disputed amount as discussed previously. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay we may report you as delinguent.

IF YOUR CARD IS LOST OR STOLEN, PLEASE NOTIFY US AS SOON AS POSSIBLE AT 1-800-356-8085

MINUTES OF PROGRAM EVALUATION COMMITTEE MEETING FISCAL YEAR 2022 / 23

3rd QUARTER April 26th, 2023

ATTENDEES: Lori Thrower, Ty Lewis, Kaylee Marshall, Spencer Wilson, and Jennifer Foster

Behavioral Health Outpatient Program (BHOP)

This program targets Cleveland County children under the age of 18 and their families who are eligible for counseling services. BHOP services include individual, group, and family counseling; emergency crisis counseling; school-based counseling services, etc.

GOAL: To increase the level of individual and family functioning, stability, and communication through behavioral health services.

Progress toward this goal is measured through quarterly assessments using the following:

- Level of Service Objectives and Measures
- Effectiveness Objectives and Measures
- Efficiency Objectives and Measures
- Client Satisfaction

Counselors Providing Service:

Jennifer Foster Heather Malork Kaylee Marshall Ty Boyd

Major Policy Issues/Recommendations:

No major policy issues or recommendations at this time.

In this quarter, we wrapped up our Norman Public Schools Psychoeducation groups. We continued our group at Noble High School. In total, we were able to provide 135 groups in this quarter.

We had 4 Counselors offering their services, 1 being a staff member who was recently able to pass their National Counseling Exam and start their supervision hours. We had one intern start their Practicum hours in this quarter and one intern was hired but has not started yet.

Community At-Risk Services (CARS)

This program targets Cleveland County children under the age of 18 and their families who are eligible for counseling services. BHOP services include individual, group, and family counseling; emergency crisis counseling; school-based counseling services, etc.

GOAL: To increase the level of individual and family functioning, stability, and communication through behavioral health services.

Progress toward this goal is measured through quarterly assessments using the following:

First Time Offender Program (FTOP)

This program serves at-risk youth ages thirteen (13) to eighteen (18) that have encounter law enforcement and the juvenile justice system for social rules violations. Youth are offered intake/assessment and referral services that can include group, individual, and family counseling; mentoring or tutoring; and psycho-educational classes of 12 hours' duration to help prevent or intervene in any continued school failure, delinquency, or family problems.

GOAL: To decrease continued risk for juvenile delinquency in pre-delinquent youth or first-time offenders in Cleveland County.

Major Policy Issues/Recommendations:

There are currently no major policy recommendations.

In this quarter, we were able to continue having in-person representation at the Norman Municipal Court Docket and Noble Municipal Court Docket during the months of January, February, and March. Our FTOP coordinator was able to have a completely full class in January and March, with February having a full class until the day of, when a parent dropped out and got moved to the next month. Evaluations for the TAPP class are reported in this quarter. We received 1 referral for a Truancy class in January and completed the class in February. Referrals have slowed down in the month of March, going into April.

Emergency Youth Shelter

This program targets children from Cleveland and McClain Counties who are under the age of 18 and are experiencing a crisis such as being removed from home because of alleged abuse/neglect, running away from home, losing parents through death/divorce, etc.

GOAL: To provide a safe non-threatening environment of 24-hour care to meet the immediate needs of children experiencing crisis.

Progress toward this goal is measured through quarterly assessments using the following:

- Levels of Service
- Effectiveness Objectives and Measures

- Efficiency Objectives and Measures Client Satisfaction

4. I felt safe during my stay in out of home care.	4.8
5. Overall my stay was positive.	4.7

Notes: We had a total of 8 residents discharge during the quarter. We had 2 residents who did not complete the survey due to running away. The other 6 residents who discharged gave 5's in all categories except for 1. The center continues to provide safe, comfortable, family-like environment for all of our kids. We have begun to have "family talk" in which the shelter director and staff sit down with all of the kids and have open communication. This has been a better strategy for assessing our effectiveness.

GOAL: Provide recreational, mentor, and other structured activities for youth residing in the Shelter.

Level of Service Goals, by June 30, 2021:

- To provide five (5) hours of structured activities per week (260 hours total)
- To provide at least two (2) staff-supervised outings per month during the school year (24 total) for Shelter residents
- To supervise 25 Shelter College mentors
- To coordinate 10 special mentor events in the Shelter
- To provide structured activities and a recreation program throughout the year and as an alternative to summer school classes for Shelter residents

GOAL: Provide counseling and case management services to meet the emotional and dispositional needs of Shelter residents.

Level of Service Objectives, by June 30, 2021:

• To provide 200 hours of case management services (assessment, discharge planning, linkage, and advocacy)

Ideally, we want the Emergency Youth Shelter to have as little crisis incidents as possible. The goal is not to strive for perfection, but rather to better manage situations as they arise and provide resources for staff

members and residents. *Unfortunately, it is difficult to capture Case Management Services that are provided to the residents from the staff.*

GOAL: Provide a Shelter-based educational program, staffed by a certified Norman Public School teacher, for youth residing in the Shelter.

Level of Service Objectives:

- To provide 95% of all school-aged Shelter residents daily classroom instruction based on their individual levels and abilities during the 2020-2021 school year.
- To provide 860 hours of classroom time for school-aged Shelter residents during the 2020-2021 school year.

Residents receiving Classroom Instruction	50	12	10	17		31	62%
Classroom Hours	860 hrs.	145	235	275		655	76.16%

Major Policy Issues/Recommendations: No recommendations at this time. The average daily attendance for the center this quarter was 6.60 residents with an average length of stay of 39.13 days. The shelter provided 587 shelter care days to residents. We had 5 kids who were discharged to foster placements during the quarter. Also, during this quarter, we were mostly at capacity with 7 of our kids here for the majority of the time. Kids were able to enjoy lots of one-on-one time with paraprofessionals, tutors, and volunteers. We are going to start tending to our garden and begin a "wellness" program as the weather gets warmer and summer is approaching.

SYNOPSIS OF SECOND QUARTER INCIDENT REPORTS

(10 Total Incident Reports)

S1. 10/01/21 – After staff handed resident his med cup during breakfasts, he slid it across the table causing several pills to fall on floor. After getting a second cup of medication, he opened it over the trash can and they fell in. He was able to take medication on third attempt.

ACTION TAKEN: Staff held third medication cup until resident was done eating which made it successful.

RECOMMENDATIONS: Allow resident to complete meal before offering medication.

S2. 10/10/21 - Staff found a plastic lid with a residents medication in it.

ACTION TAKEN: Notified Program director, OKDHS worker and fiason. Spoke with resident about incident and also spoke with staff about proper supervision while giving medications.

RECOMMENDATIONS: Better supervision of medications.

S3. 10/24/21 – A resident bumped in to another resident while in chairs causing one of the residents fingers to get smashed.

ACTION TAKEN: Staff gave resident ice pack and spoke with other resident about not horse playing with chairs.

RECOMMENDATIONS: None at this time

S4. 11/13/21 - Resident hurt toe on concrete step while at "Get Air" outing.

ACTION TAKEN: Staff got ice pack for resident and provided her with ibuprofen once back at the shelter. Staff also notified case worker of incident.

RECOMMENDATIONS: None at this time

S5. 12/01/21 — During construction of the bathrooms, a male resident accidentally walked into the bathroom while a female resident was in the shower.

ACTION TAKEN: Notified OKDHS liason as well as spoke with case workers and residents about incident. Signs were made to hang on door when they are being used.

RECOMMENDATIONS: Utilize bathroom signs and always knock to be sure. S5. 05/12/21 – Two male residents were playing basketball and when both ran towards a loose ball, one resident fell and hit his knee on the ground.

ACTION TAKEN: Staff helped resident inside the office and put ice on hurt knee.

RECOMMENDATIONS: None at this time

S6. 10/24/21 - A male resident got upset when he was asked to stop video games and complete his chore as he had forgotten to do. He then began to argue and eventually throw chairs, slam and kick doors.

ACTION TAKEN: Staff notified program director and case worker. Staff able to de escalate and debrief with resident about incident. Staff offered phone call to residents father.

RECOMMENDATIONS: Leave video games put up until expectation of chores are complete.

S7. 10/22/21 – Two male residents were horse playing near bedrooms. One resident accidentally slammed the others finger in the door causing him to try and go after the resident.

ACTION TAKEN: Staff intervened, separated the boys and gave one of them ice for his finger.

RECOMMENDATIONS: Redirect horse play as much as possible.

SYNOPSIS OF THIRD QUARTER INCIDENT REPORTS

(10 Total Incident Reports)

S1. 01/21/23 – A male resident got upset and began to throw items around in his bedroom and destroy some property.

ACTION TAKEN: Staff utilized de-escalation techniques and Program Director assisted in incident. Resident was later removed from center by OKDHS.

RECOMMENDATIONS: Get other residents away from incident sooner to keep everyone safe and to remove the audience.

S2. 01/21/23 - A male resident began to scratch at his forearm with a hard piece of plastic that he broke off from an item in his bedroom.

ACTION TAKEN: Staff immediately intervened by utilizing verbal de-escalation which led to the resident relinquishing the item and eventually calming down.

RECOMMENDATIONS: None at this time.

S3. 01/24/23 - A male resident disclosed to staff that they had some suicidal feelings.

ACTION TAKEN: Staff reported to Program Director and notified counselor (Kaylee). Kaylee was able to have a counseling session with the resident and implemented a safety plan.

RECOMMENDATIONS: None at this time.

S4. 02/11/23 - A male resident was horseplaying and sprayed air duster in a staff members ear.

ACTION TAKEN: Staff spoke with resident regarding behavior and Program Director re-iterated the importance of having items put away when not in use.

RECOMMENDATIONS: Keep such items put away and out of reach from residents.

S5. 02/14/23 – A female resident fell while playing outside in which she scraped her knee and elbow as well as twisted her ankle.

ACTION TAKEN: Staff provided ice and cleaned wounds. OKDHS was notified and took her for medical evaluation.

RECOMMENDATIONS: None at this time.

S6. 03/08/23 – A male resident kicked a ball while outside which caused his toe nail to lift up and start to bleed.

ACTION TAKEN: Staff helped resident clean wound and notified OKDHS case worker.

RECOMMENDATIONS: None at this time.

57.03/08/23 - A female resident tripped and fell causing her to twist her right ankle and scrape her right knee.

ACTION TAKEN: Staff helped her clean her wound and provided ice for her ankle. The residents OKDHS case worker took her to Urgent Care for evaluation.

RECOMMENDATIONS: None at this time.

S8. 03/27/23 - A male resident disclosed to staff that they had self harmed with a pair of scissors.

ACTION TAKEN: Staff spoke with resident and counselor about incident and a safety plan was implemented.

RECOMMENDATIONS: None at this time.

Quarterly Medicaid Internal Review

Third Quarter 01/01/23-03/31/23

The scope of the review was limited to ensure that CARF requirements are followed by agency personnel. The first procedure was to trace Medicaid payments back to the progress note located in the client file and determine if the note was billed correctly. The results are as follows:

1) 134 transactions out of the total population of were reviewed. Each note was located in the billing system and billed correctly.

Payments are reviewed to ensure that they were received and posted to the correct account and billed on a timely basis. The results are as follows:

All Medicaid payments reconcile to the general ledger. Medicaid services are typically billed and collected within 30 days of service. The average number of days to collect the payment is 7 days after the service is billed.

Recommendations or Findings:

There are no recommendations or findings.

Quarterly Cash Review Third Quarter 01/01/2023-03/31/2023

The objective of the review is to determine the degree to which the transactions for Divorce, Truancy and Counseling revenues at the Tecumseh Road location complied with cash handling policies and procedures. In addition, the review is to assess the adequacy and effectiveness of internal controls and establish that procedures are managed with regard to efficiency and effectiveness.

For the period January 1, 2023 to March 31, 2023 a sample of transactions was selected to ensure compliance with the following requirements:

- 1. Cash receipts were sequentially accounted for and deposited in a timely manner. Once weekly as per fiscal procedures.
- 2. Services were provided and accompanied by a cash receipt or fee waiver.

Findings

Zero cash deposits were made in the quarter due to reduced sliding scale clients. Timeliness of deposits in accordance with fiscal procedure is critical in quickly identifying any irregularities or reconciliatory issues.

Recommendations

Fiscal procedures should be reviewed to determine the necessity of this report. Divorce classes are now offered for no charge and counseling programs no longer accept sliding scale payments.

Subject: FY 2023 Head Start Funding Increase

Instruction:

President Biden signed the Consolidated Appropriations Act, 2023, into law on December 29, 2022. The funding level for programs under the Head Start Act (the Act) is \$11,996,820,000, an increase of \$960 million over fiscal year (FY) 2022. This increase includes \$596 million to provide all Head Start, Early Head Start, and Early Head Start-Child Care (EHS-CC) Partnership grant recipients a 5.6% cost-of-living adjustment (COLA), \$262 million for quality improvement, and \$100 million for expansion of Head Start, Early Head Start, and EHS-CC (Early Head Start-Child Care) Partnership programs. The total appropriation also includes \$8 million for Tribal College and University Head Start (TCU-HS) Partnership programs, of which \$2 million is an increase over the FY 2022 funding level.

This Program Instruction (PI) primarily provides information about <u>COLA (Cost-of-living</u> Adjustment) and quality improvement funds available to all Head Start, Early Head Start, and <u>EHS-CC (Early Head Start-Child Care)</u> Partnership grant recipients. Grant recipients subject to competition for continued funding through the Designation Renewal System (DRS) are entitled to <u>COLA (Cost-of-living Adjustment)</u> funds through the end of their current award. However, the Administration for Children and Families reserves the right to delay decisions on quality improvement funding until <u>DRS (Designation Renewal System)</u> competition decisions are final. State collaboration grants are not eligible for <u>COLA (Cost-of-living Adjustment)</u> or quality improvement funding due to the statutory cap on their funding in the Head Start Act.

FY 2023 Quality Improvement

Each grant recipient will be allocated an amount of quality improvement funding proportionate to their federal funded enrollment — approximately \$280 for each Head Start funded enrollment slot and \$420 for each Early Head Start funded enrollment slot. There will be a minimum floor established to ensure all recipients are able to make a meaningful investment in quality, consistent with $\underline{Sec. 640(a)(4)(C)}$ of the Act.

A program may apply to use quality improvement funds for activities consistent with Sec. 640(a)(5), as outlined in Attachment A, except that any amount of these funds may be used on any of the activities specified in such section. In other words, programs are not bound by the requirement in Sec. 640(a)(5)(A) that at least 50% of quality improvement funds be used for staff compensation or the requirement in Sec. 640(a)(5)(B)(vii) that no more than 10% of quality improvement funds be used on transportation. However, the Office of Head Start (OHS) strongly encourages grant recipients to prioritize quality improvement funding to increase compensation for staff (wages and benefits) to help recruit and retain a qualified Head Start workforce. OHS (Office of Head Start) also strongly encourages recipients to consider investments to support and strengthen the mental health of children, families, and staff in the program.

A well-compensated staff is integral to delivering high-quality services for children and families. The Head Start workforce plays a critical role in fulfilling the Head Start mission by supporting the holistic development of children and economic stability for families. While staff qualifications have steadily increased in the last 10 years, compensation and benefits have not followed suit. Many Head Start programs have struggled to recruit and retain qualified staff with the ongoing early care and education workforce shortage. High-quality services for children and families are disrupted by high turnover rates and a shortage of frontline staff, particularly teachers, assistant teachers, home visitors, family child care providers, family service workers, transportation staff, and staff who provide mental and behavioral health services. Increasing compensation is a key strategy to promote recruitment and retention of qualified staff and ensure programs are competitive employers in their local communities. Improved retention of staff also helps to ensure high-quality classroom and home learning

environments, promote healthy developmental outcomes for children, and strengthen relationships with families. In September 2022, <u>OHS (Office of Head Start)</u> released Information Memorandum <u>ACF-IM-HS-22-06</u> directing Head Start grant recipients to permanently increase salaries for the purposes of recruiting and retaining staff. Head Start grant recipients are strongly encouraged to use quality funds to advance a strategy to permanently increase wages and benefits.

OHS (Office of Head Start) recognizes that many Head Start grant recipients are serving children and families with enhanced mental health needs. Increased symptoms of anxiety and depression, coupled with the impact of trauma, grief, and loss during the pandemic, has elevated the importance of supporting children's social and emotional well-being, as well as the mental well-being of adults who care for them. It is essential that children, staff, and families receive necessary supports for mental health and wellness as an integral part of program services. OHS (Office of Head Start) strongly encourages programs to consider ways to use quality improvement funding to invest in mental health supports at all levels of the program, including mental health consultation to support Head Start teachers in managing challenging behavior and supporting children.

Examples of investments that would reflect these <u>OHS</u> (Office of <u>Head Start</u>) priorities and also align with allowable uses of quality improvement funding as specified in the Act may include, but are not limited to, the following:

- Increase compensation, particularly for positions that are not receiving competitive
 wages and benefits (including consideration of elementary school compensation),
 experiencing higher rates of turnover, challenging to fill, or preventing programs from
 reaching full enrollment.
- Increase career opportunities for entry level staff through support for increased credentials and commensurate compensation increases, including through scholarships, mentors, and coaches.
- Support staff wellness with regularly scheduled breaks and access to employee assistance services.
- Improve preventive mental health screening, assessment, and interventions.
- Enhance mental health consultation including hiring of additional mental health professionals — to better support staff and improve the organizational approach to identifying mental health needs and integrating supports and services for children, families, and staff.
- Hire additional qualified classroom staff or floaters to lower ratios, enhance adult-child relationships, and ensure staff can have breaks during the day.
- Hire additional qualified family services staff or home visitors to decrease caseloads and enhance family-staff relationships and improve quality of responsive, individualized services.
- Provide ongoing coaching and support to staff to address stress, burnout, and related turnover.

- Provide training on trauma-informed approaches to all staff, governing boards, and Policy Councils, and ensure training is accompanied with coaching and opportunities for reflective practice and supervision.
- Enhance transportation services to promote more regular participation by children and families in services designed to support development and learning and address trauma.

Finally, while grant recipients should prioritize ongoing, sustained investments in quality improvements, OHS (Office of Head Start) does acknowledge that one-time investments in FY 2023 may be necessary. Grant recipients encountering one-time program improvement needs that cannot be addressed with existing program funds are invited to apply for supplemental funding. See below for further discussion on one-time program improvement funding requests.

FY 2023 COLA (Cost-of-living Adjustment)

Each grant recipient may apply for a <u>COLA (Cost-of-living Adjustment)</u> increase of 5.6% of the FY 2022 base funding level. Base funding excludes training and technical assistance funds and any one-time funding received during FY 2022.

Programs must use <u>CQLA (Cost-of-living Adjustment)</u> funds to permanently increase the salaries of Head Start staff. This includes salaries of current staff and unfilled vacancies. Programs may consider a permanent uniform percent increase to the Head Start pay scale or differential <u>CQLA (Cost-of-living Adjustment)</u> increases to the pay scale across position types within the program. For instance, in some programs, higher paid positions may already be receiving wages competitive with comparable positions in the community. In these instances, programs may choose to provide a smaller <u>CQLA (Cost-of-living Adjustment)</u> to these positions. Programs could also think about providing a larger <u>CQLA (Cost-of-living Adjustment)</u> to lower paid positions that are not currently receiving a wage sufficient to cover costs of living, or that are very challenging to fill due to low wages. Such positions may need more of an increase to support more competitive wages that are comparable with similar jobs in the community, including the consideration of salaries paid to staff in local elementary schools. If a grant recipient chooses to apply <u>CQLA (Cost-of-living Adjustment)</u> differentially across positions, they must explain this choice in their application.

Sections <u>653</u> and <u>640(j)</u> of the Act provide further guidance on the uses and limitations of <u>COLA (Cost-of-living Adjustment)</u> funds. Sec. 653 restricts compensation to a Head Start employee that is higher than the average rate of compensation paid for substantially comparable services in the area where the program is operating. Any grant recipient concerned that they cannot increase salaries for staff due to wage comparability issues should ensure public school salaries for elementary school staff are included in their considerations. Sec. 653 also prohibits any Head Start employee from being compensated at a rate that exceeds that of an Executive Schedule Level II position, including employees

being paid through indirect costs. Sec. 640(j) of the Act requires that compensation of Head Start employees be improved regardless of whether the agency has the ability to improve the compensation of staff employed by the agency that do not provide Head Start services. Head Start grant recipients must provide delegate agencies and other partners an equivalent increase to adjust salaries and wages scales. If a grant recipient proposes to apply differential COLA (Cost-of-living Adjustment) increases between delegates or partners, they must justify this in their application. COLA (Cost-of-living Adjustment) funds must be applied from the start of a recipient's FY 2023 budget period, which may need to be retroactively applied.

As specified in 45 CFR §1302.90, each grant recipient is required to establish written personnel policies and procedures that are approved by the governing body and Policy Council. They must be made available to all staff. Personnel policies and procedures should be reviewed as they may contain information relevant to this COLA (Cost-of-living Adjustment).

Any remaining funds may be applied to fringe benefits costs or used to offset increased operating costs in other areas of the budget. This includes increased costs in rent, utilities, facilities maintenance and insurance, contractual arrangements, vehicle fuel and maintenance, and supplies.

Application Requirements for <u>COLA (Cost-of-living Adjustment)</u> and Quality Improvement Funding

Grant recipients must request <u>CQLA</u> (<u>Cost-of-living Adjustment</u>) and quality improvement funds through an application in the Head Start Enterprise System. A funding guidance letter will be issued shortly to specify each funding level and additional instructions on how to apply for these funds.

Expansion of Head Start, Early Head Start, and EHS-CC (Early Head Start-Child Care) Partnerships

One hundred million dollars is available to support new grants for Head Start, Early Head Start, and EHS-CC (Early Head Start-Child Care) Partnership programs to increase access to high-quality early education services. Funding will be awarded by September 2024. A notice of funding opportunity is expected in fall 2023. More information on this opportunity will be available later this year.

TCU-HS (Tribal College and University Head Start) Partnership Program Funding

Two million dollars is available to support TCU-HS (Tribal College and University Head Start) partnership programs. Per Sec. 648(g) of the Head Start Act, such funding is intended to support tribal colleges and universities to implement efforts to strengthen career pathways

and degree obtainment for Head Start staff, in partnership with American Indian and Alaska Native Head Start agencies. A competitive funding opportunity will be posted in spring or summer 2023. Funding will be awarded by the end of September 2023.

One-time Program Improvement Funding Requests

Grant recipients encountering program improvement needs related to health and safety should contact their Regional Office and submit supplemental applications throughout the year as needs emerge. Programs must plan for major costs and should not be reliant on supplemental requests for major maintenance and purchases. Supplemental requests are intended for pressing program improvement needs that cannot be addressed with existing operational funds through careful planning, for instance if a recipient has an unexpected facility issue due to harsh climate or unexpected loss of equipment. These applications are addressed by priority and there is no guarantee on the availability of funds for supplemental requests.

Please direct any questions regarding this Pl. (Program Instruction) to your regional office.

Thank you for your work on behalf of children and families.

INFORMATION MEMORANDUM

TO: All Head Start and Early Head Start Grant Recipients

SUBJECT: The Role of Head Start Programs in Addressing Lead in Water

INFORMATION:

Lead is a toxic metal and there is no safe blood lead level for children. Because their bodies are still developing, children under the age of 6 are at greatest risk for significant and potentially lifelong health problems as a result of exposure. They are more likely to come into contact with lead through paint or dust since young children often put their hands or objects in their mouths. However, lead in drinking water can also be a significant contributor to overall exposure to lead. This is particularly true for infants whose diet consists of food and liquids made with water, such as baby food or formula. The adverse health effects of lead exposure can be both physical and behavioral. Even low levels of lead in children can lead to anemia, behavior and learning problems, and other concerns.

Head Start programs have a critical role to play in preventing lead poisoning in children. Programs are required to maintain a facility that is free from pollutants, hazards, and toxins that are accessible to children and could endanger their safety — and that includes lead in water and paint. As part of Head Start monitoring, programs can expect to be asked about their processes to identify lead hazards and mitigate them. This Information Memorandum highlights available resources for programs to address lead in water specifically.

Testing for and Addressing Lead in Water

The U.S. Environmental Protection Agency (EPA) has developed a number of resources to guide programs to test and remediate for lead in water.

There are no specific funds designated for the purpose of lead assessments in Head Start programs. However, grant recipients may budget program funds to address lead in water, including necessary minor renovations to facilities. Allowable uses of program funds may include:

- · Testing for lead in water
- Remediation actions such as purchasing, installing, and maintaining point-of-use devices for lead removal, such as water filters
- Replacing water fixtures and plumbing, including lead service lines

As programs consider their needs related to addressing lead in water in Head Start facilities, the Administration for Children and Families encourages grant recipients to submit one-time funding applications for facility needs not supported by operations funding. Note these one-time requests are addressed by priority and subject to availability of funds.

Other Federal Funding Sources

Head Start programs may be able to leverage application to eliminate lead in their facilities. The Bipartisan Infrastructure Law, 2022, authorized increased funding of \$700 million over 5-years across two grant programs:

- Voluntary School and Child Care Lead Teating and Reduction Grant Program
- Reducing Lead in Orinking Water Grant Program

These programs aim to address lead in water through testing, remediation, and infrastructure improvements, including in child care and school settings. Grant recipients should reach out to their respective state agency to learn more about the EPA programs and other available resources.

Partnering with Families to Promote Children's Healthy Development

Head Start programs are already working closely with families and health care providers to make sure children are screened for lead poisoning (45 CFR §4302.46). These screenings align with the Centers for Medicare and Medicaid Services' (CMS) universal blood lead screening requirement for all Medicaid-eligible children, under their states' Early and Pariodic Screening, Diagnostic and Testing schedule. The Office of Head Start (OHS) applauds programs' ongoing efforts to partner with parents and caregivers to make sure all enrolled children receive required blood screening.

OHS continues to encourage programs to leverage available resources in discussing with families how to prevent and address lead exposure in the home, such as through:

- · Testing for lead in paint hazards and in water
- · Minimizing children and pregnant persons' exposure to paint hazards, especially in homes built before 1978
- · Creating barriers between living or play areas and possible lead hazards
- Cleaning and hygiene practices, such as regularly mopping and washing hands and toys

To learn more about the role Head Start programs play in keeping children safe and supporting families to prevent lead poisoning, visit the Early Childhood Learning and Knowledge Center and Office of Early Childhood Development websites.

Thank you for the work you do on behalf of children and families.

Sincerely,

/ Khari M. Garvin /

Khari M. Garvin

Director

Office of Head Start

i The Centers for Disease Control and Prevention has established a blood lead "reference value" that serves as a screening tool to identify children with higher levels of lead in their blood compared with most children. However, no safe blood lead level in children has been identified: https://www.odc.gov/ncah/features/leadpoisoning/index.html

ii As long as total costs for any proposed plumbing improvements, such as replacing water fixtures and lead service lines, are less than \$250,000, they would be considered minor renovations and allowable expenditures with program funds. If costs are anticipated to exceed \$250,000, programs should contact their regional office to determine appropriate next steps.

ii Arizona is currently the only state approved by CMS to implement a targeted lead screening program.

Head Start Vaccine and Testing Announcement

Find a Head Start job near you or anywhere in the U.S.

HHS announced that it intends to remove the regulatory requirement for vaccines in Head Start programs for Head Start staff, contractors, and volunteers, as well as the weekly testing requirement for individuals granted an exemption from the vaccine requirement. The interim final rule's vaccine and testing requirements are not currently in effect as the result of a recent district court decision.

On November 20, 2021, the U.S. Department of Health and Human Services' Administration for Children and Families (ACF) issued an interim final rule requiring federally funded Head Start programs to ensure that their staff, contractors, and volunteers were fully vaccinated for COVID-19 (i.e., obtain the primary vaccination series), which was a critical step to protect the children and families served. On April 10, 2023, the President signed legislation that ended the COVID-19 national emergency. On May 11, 2023, the COVID-19 public health emergency will expire.

On January 6, 2023, ACF. (Administration of Children and Families) issued a final rule requiring Head Start grant recipients to have an evidence-based COVID—19 mitigation policy, which considers multiple mitigation strategies such as access to vaccination, masking, ventilation, and testing. Although ACF. (Administration of Children and Families) will remove the vaccine and testing requirements, ACF. (Administration of Children and Families) strongly recommends that Head Start programs use vaccines and tests as part of their mitigation policy to reduce the spread of COVID—19 and reduce the likelihood of mortality or morbidity from infection. Head Start programs may choose to include their own requirements to support vaccination efforts, including for example, requiring staff remain up to date on COVID—19 boosters, sharing information on COVID—19 vaccination with staff and families, and/or partnering with local agencies to increase vaccination access.

For more information on developing a COVID-19 mitigation strategy, see the recent <u>Program Instruction</u> with guidance for Head Start grant recipients.

To Whom It May Concern:

The Executive Committee came together virtually and in person to perform the evaluation of the Executive Director, Wendy Swatek. We began with a discussion of the current and future projects that the agency has accomplished. Wendy gave a detailed description of the growth and progress that has occurred over the last few years of the agency and the direction of where we are headed in the future.

Our new grant in Lincoln and Seminole counties continues to see expansion with families and facilities. We opened our first Early Head Start classroom in this program in Seminole this year and are currently renovating two more spaces that will house one Head Start classroom and three Early Head Start classrooms. One of these new spaces was provided by a generous donation from True Sky that included the building itself and renovation dollars. We also worked with a local businessman in Prague to identify space and are just awaiting licensing to open up our classrooms there.

Future projects and plans were discussed. The agency has a vision to create a new transitional housing program for children that are aging out of DHS custody to give them an opportunity to get on their feet as young adults. After discussion about the how the day to day operations of this program would work, Wendy has agreed to put a presentation together for the entire Board to fully outline how this program will operate and allow the Board to provide input.

The Committee is pleased with the success Wendy has shown in her time with the agency. She continues to maintain complete transparency with the governing body and we feel informed on the current and future agency activities. We understand that the major issue the agency is experiencing at this time is a staffing shortage and we are aware of the actions that are being taken to help address the issue. We continue to support Wendy and the entire Crossroads team.

Lori Thower, Chair

Survey Outcome:

Continued status as a "Designated Youth Service Agency" is recommended

A virtual Peer Review / Agency Certification assessment for Crossroad Youth and Family Services, Inc., a Youth Services agency, was completed during the period of December 5, 2022, through January 17, 2023, to determine the continuation of this Agency's status as a "Designated Youth Service Agency". This virtual review was required due to the continued COVID 19 pandemic. The Agency uploaded requested information to a secure site set up by OAYS. Each completed peer review report will be submitted to the OAYS Executive Director for review and then to OAYS Certification Committee, comprised of Cluster Representatives, for review and approval. The Cluster Representative for the reviewed agency would not be selected to review the results. Upon Committee approval. the report is presented to the full OAYS Board of Directors for review and approval at the next scheduled OAYS Board meeting. The report will be forwarded to the Office of Juvenile Affairs, Community Based Services Division, Office of Standards for Prevention and Systems Improvement. The review team was composed of David Jordan, OAYS Compliance Analyst/Strategy and Innovation Specialist. The site team reviewed the policy and practice in the areas of Governing Authority, Environment, Agency Management, Financial Management, Personnel, Clients, Clients Rights, Confidentiality, Programs and Services. Case Record Management, and YSA services. The site reviewers also interviewed counselors, direct care staff, and support staff that were available.

The Agency Certification Committee selected eleven (11) "mandatory" questions and forty-two (42) "required" questions. You must receive a score of 1 (Meets Standard) or higher in each of the 11 mandatory questions to pass the Peer Review. You must receive a score of 1 (Meets Standard) or higher on 90% (37 questions) of the remaining forty-two (42) required questions to pass the Peer Review. This information was summarized in a questionnaire and was sent to each Youth Services Agency. The questionnaire along with additional requested supporting documentation comprised the protocol for this virtual peer review process.

The area of Governing Authority included review of the practices, policy, and procedures, Charter/Articles of Incorporation, by-laws, Board meeting minutes, Board meeting packets, Agency Management Report, other administrative records, regarding written documentation of source authority; content of source authority documentation; governing authority review of policy and procedures, Agency goals and objectives, compliance with state and federal statutes and contract requirements, insurance protection, periodic financial statements, approval of annual operating budget, and documentation of Board meetings. Board meeting minutes indicates that the Board reviewed and approved FY 23 Agency budget at the 6/21/2022 board meeting. Liability and other insurance were reviewed and approved at the 7/19/22 Board meeting. Board annual review and approval of agency policies and procedures (2/15/2022). Board reviews agency financial statements at each Board meeting (last review and approval was at the 12/6/2022 Board meeting). Board completes a self-evaluation and new Board member orientation. The Board of Directors has met four times in FY 23, (meetings are held in a person/virtual hybrid, as allowed. Meeting minutes indicate that contracts are reviewed and approved as they are awarded or renewed. Self-audits (Medicaid and petty cash account), program evaluations, and summary of critical incidents are provided to the Board on a quarterly basis. Program statistics are reviewed each month. Current and updated (FY 23) Organizational Chart was provided. Agency is CARF accredited in Outpatient Treatment for mental health through April 30, 2025. Agency Executive Director maintains contact with Board via a variety of methods (in person, phone, email, and text). The Board of Directors remains active in Agency oversight and has an effective Committee structure. There are nine Board members currently. There were four mandatory questions in this section.

Findings: There were no deficiencies noted in this section.

The area of Environment normally includes a "walk through" of the facility, review of practices, policy, and procedure, accessibility, external health and safety inspections, internal (self) inspections, documentation of drills, and other relevant reviews, audits, and inspections including those (as applicable) from OJA, Oklahoma Department of Health, OKDHS, ODMHSAS, OCCY, and OHCA. Agency "walk through" was not completed due to virtual review. 9/9/22 periodic licensing visit from OKDHS indicated no areas of non-compliance with personnel files, resident files, facility, and transportation. 6/9/22 Oklahoma State Department of Health report noted "No violations". 3/24/22 report by

Norman Fire Department for the Tecumseh Road facility (CERC and counseling offices) stated "No violations noted". CERC-Shelter and counseling facilities are shared with Cleveland County Couch Center. OKDHS licensing report indicated that emergency drills for fire and tornado are current. Agency maintain logs for critical incidents, OCA investigations, and grievances. Summaries were provided for virtual review. Agency reports seven critical incidents, and no grievances or OCA referrals (YTD FY 23). Critical incidents are reported monthly. The Board of Directors reviews critical incidents and grievances each quarter. Agency maintains a denial log for Shelter. Agency operates facilities in many locations (with Head Start and Early Head Start Programs). There were no mandatory questions in this section.

Findings: There were no deficiencies noted in this section.

The area of Agency Management included review of agency practices, policy, and procedures, the availability of established Agency goals and objectives to staff and the public, Board approval of policy and procedures as needed, and Board approval of the amount of insurance secured and maintained on buildings, equipment, and fixed assets. Agency facilities reviewed are well maintained. Current insurance coverage (through 7/1/2023) was provided for review. FY 22 management report was provided for virtual review. The management report is concise and informative. The current Strategic plan has been updated for relevance and was provided for this review. Agency completes an annual community needs assessment at part of comprehensive strategic planning process. Agency has updated timelines for Community Action for Targeted Solutions (CATS) as required by OJA. The board completes its annual self-evaluation. Long range planning is a standing agenda item for Board of Directors meetings. Agency collects CAR scores and ACE information in counseling cases. Agency continues to maintain an informative updated website. There were no mandatory questions in this section.

Findings: There were no deficiencies noted in this section.

The area Financial Management included review of agency practices, policy and procedures, most recent independent financial audit and IRS 990, annual budget, budget revision, samples of compliance to agency policy and procedures, statement regarding status of payroll deductions and taxes, audit compliance, OJA CBYS Division contract monitoring reports, and OJA Office of Public Integrity site review reports. FY 21 independent financial audit was provided for this review. FY 22 is nearing completion and report is expected by the end of January 2023. The Agency Executive Director provided a statement that "Crossroads Youth & Family Services, Inc. is current with the payment of all payroll taxes" (as of 12/28/2022). The Board of Directors reviews and approves purchases over \$5,000 (Board meeting minutes). Agency continues to be in a strong financial position. The Agency receives a substantial portion of its total revenue from contracts with the Federal government. Agency operates Headstart and Early Headstart programs in several locations in central and southwest Oklahoma. There were two mandatory questions in this section.

Findings: There were no deficiencies noted in this section.

The area of Personnel included review of human resources practices, policy, and procedures, personnel files, and interviews of staff. Personnel files were well organized and contained the required documentation. Board reviews and approves job descriptions and the holiday schedule for the upcoming year. The Agency Executive Director has provided a statement that "Background checks, including fingerprinting of required employees are completed prior to employees beginning services". The Agency Director of Administrative Services provided a schedule performance evaluation for selected employees (Executive Director, Director of Administrative Services, Clinical Director, two Counselors, Shelter Director, on full-time Child Care Worker, one part-time Child Care Worked and the FTOP services provider). Performance evaluations are current. The Board of Directors completes the evaluation of the Executive Director. Agency continues to have a successful intern and volunteer program with the University of Oklahoma. Agency has graduate level counseling interns providing services to clients/consumers. SUMMARY

In summary, this review shows that Crossroads Youth and Family Services, Inc. has met all the reviewed standards. The Agency does a good job in all areas reviewed but specifically in the areas of Governing Authority (Board of Directors: Board orientation and Agency oversight (Board is informed and active)); Agency Management (Strategic planning process, establishment of goals and objectives for each program operated, development and monitoring of program outcomes, and reporting of outcomes (Management report)); Youth Services Leadership (Executive Director and Interim and Senior Management form an effective team; Agency Personnel (organization of records and documentation of staff training); Agency Financial Management (detailed fiscal policy, procedures, and practices; diversified funding sources, large organization in stable condition); and Documentation of services (Counseling, CERC-shelter, and First Time Offender records). Many of these areas of Agency performance excellence have been cited in previous year's reports. Agency is commended for continuing to exceed the standards in these areas.

There were no instances of noncompliance with the standards reviewed. Suggestions were offered in Case Record Keeping.

Crossroads Youth and Family Services, Inc. continues to show a high degree of dedication to the communities it serves. A dedicated and active Board of Directors, Executive Director, and Senior Management team; qualified, dedicated, and personable staff; and community involvement are ongoing agency strengths. Continued status as a "Designated Youth Service Agency" is recommended. The Agency is commended for providing quality behavioral health services to meet service area needs especially as COVID pandemic lingers. Congratulations on the excellent services provided by your agency to the children and youth of our state.

Please call David Jordan at the OAYS Office (405) 528-4120 if you have questions or need additional information

Peer Review Suggestions/Recommendations Crossroads Youth and Family Services, Inc. - Norman Peer Review Date: January 17, 2023

Case Record Keeping: Suggestions:

Non-Shelter Case Records

- It is suggested that Agency quarterly records review ensure that the service billed matches the service provided and that (for CARS cases) matches the CRVS form. One progress note reviewed was for Individual Counseling. The body of the noted indicated that family members were present (for IRC). The CRVS form provided indicated that Family Counseling was the service provided. Documentation in the note indicates that the service provided was Family Counseling.
- 2. It is suggested that the Agency quarterly records review ensure that statements on progress notes contain more detail. (Some progress notes reviewed contained details while others did not) (CARS cases).

NOTIFICATION OF SELECTION FOR IMPROPER PAYMENT STUDY

Dear Head Start Grant Recipient:

The Payment Integrity Information Act of 2019 (PIIA) requires agencies to identify and review all programs and activities that may be susceptible to significant improper payments based on guidance from the Office of Management and Budget (OMB). On March 5, 2021, OMB issued M-21-19, which provided guidance to program offices on implementing the requirements of PIIA. Based on this guidance, the Office of Head Start is now required to conduct an Improper Payment study of randomly selected Head Start award recipients and has engaged the services of Guidehouse to assist in this review.

Your organization has been randomly selected to participate in this Improper Payment study to ensure that Federal funding was expended, and associated programs were implemented, in full accordance with statutory and public policy requirements as outlined in 45 C.F.R. § 75.300.

Effective immediately, Guidehouse will begin requesting information and documentation from your organization for purposes of this review, as described below. Please provide the requested information to Guidehouse as soon as possible and no later than the deadlines outlined below. Please be advised that failure to timely submit the information requested is a violation of the terms and conditions of your Head Start award and may put your agency at risk of sanctions, per 45 C.F.R. § 75.371.

Information Sessions

Guidehouse will conduct two online information sessions to help your organization understand the improper payments review process, timeline, and expectations. The sessions will be offered on Tuesday, May 16 at 3:00 PM – 4:00 PM EST and Thursday, May 18 at 10:00 AM – 11:00 AM EST. These sessions are optional, but attendance is strongly recommended. Please feel free to join these sessions at your convenience, as registration will not be required. Login details for the information session will be provided by email at a later date.

If the above dates or times do not work for your schedule, please feel free to reach out via email at ohsmonitoring@guidehouse.com and we will work with you personally to accommodate your schedule.

Requests for Information

Guidehouse will request information from your organization in two phases. During Phase One, recipients are requested to provide a list of transactions paid with specified Head Start grant funds during federal fiscal year 2022 (October 1, 2021 – September 30, 2022), including expense amounts and dates of payment, as shown in the attached spreadsheet. Please provide the completed transaction data no later than Wednesday, May 31, 2023 in the attached 'OHS Improper Payment Study - Phase 1' document (Excel format).

During Phase Two, ten (10) of each recipient's submitted transactions will be selected for further review. Guidehouse will work closely with recipients to identify needed documentation and respond to any questions or concerns about the documentation submission process. For planning purposes, we will request that you provide the requested Phase 2 transaction documentation no later than Friday, June 30, 2023, or no later than two (2) weeks (ten (10) business days) after you receive the request for Phase 2 documentation, whichever is later.

Uploading Requested Information into HSES Correspondence Tab

Please upload the completed 'OHS Improper Payment document to the Head Start Enterprise System (HSES) location will be used to gather improper payment transaction information for this review. Once you have uploaded your documentation into the HSES correspondence tab, please select "Other" and send the correspondence directly to Matt Alicona at ohsmonitoring@guidehouse.com so that the Guidehouse team can validate the timely submission of your documents.

If you have any issues sending or receiving documents through the correspondence tab, please notify the Guidehouse team at ohsmonitoring@guidehouse.com at your earliest convenience and we will work with you toward a solution.

Should you have any questions or concerns about any of the above, please feel free to reach out to the Guidehouse team at ohsmonitoring@guidehouse.com. Thank you in advance for your cooperation.
